Lockkedn SaaS Blueprint

Vision
Connect social accounts, add a product link, and let Lockkedn research, script, generate, publish, analyze, and optimize shoppable short-form videos automatically.

Core Workflow
1. Connect accounts.
2. Import or paste product link.
3. AI researches product and reviews.
4. AI identifies trends.
5. AI creates scripts, videos, captions, thumbnails.
6. Publishes via connected platform APIs.
7. Tracks analytics and generates improved versions.
